

Instructions for tagging your load

- ① Fill in the day and month that you're harvesting the wood with a black marker. For example, if you harvested on the 4th of July, you would fill in "7" for the month and "4" for the day.
- ② Cut tags apart.
- ③ Fold your tag on the dotted line.
- ④ Place each tag in its own individual zip-top bag and close the bag.
- ⑤ Nail your tag(s) to a piece of wood in the back of your load so that the section with the USDA logo is visible to cars behind you.

- ① Fill in the day and month

- ② Cut your tag

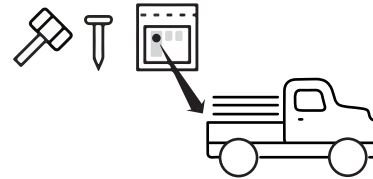

- ③ Fold your tag

- ④ Place in zip-top bag

- ⑤ Nail your tag
